## Deckert Dies Suddenly

CASTROVILLE — The body of Delles Benedict Deckert, 55, a native of D'Hanis, who was a local carpenter, was interred in the Moore cemetery April 30.

The Rev. Westbrook officiated. Church services were conducted from the Methodist Church in Moore. A solo was sung by the Rev. M. L. Roberson of San Antonio.

Deckert died of a sudden heart attack April 28 at the Castroville clinic.

The deceased was born Oct. 26, 1899 in D'Hanis, the son of Nicklos and Teckla Mary Deckert. He attended D'Hanis High School before marrying Elizabeth Cochran Feb. 28, 1926 in Moore.

Deckert was a member of the Presbyterian Church. He lived in Castroville the last 13 years.

Pallbearers were Franklin Wiemers, Jean Ulbrich, Temple Harrison, Kenneth Conover and Wesley and Arnold Reitzer.

Survivors are the widow; a son, D. A. Deckert; of Castroville; two daughters, Georgene Deckert of Castroville and Mrs. Dale L. Edney of Huron, S. D.; three brothers, Arnold of Odessa, and Robert of Uvalde; and Ambrose; and a sister, Mrs. L. C. (Florence) Fore.

## New Fabric Shop Opens On Highway

Hondo's newest addition to the downtown district L and M Fabrics opened Saturday, April 30 on Hwy. 90 between Ave. M and L.

The fabric shop, which features a complete line of sewing needs, is owned and operated by George D. Love, a Devine resident born in Black Creek, and Peter I. McKay of San Antonio. Mrs. Lois Robinson serves as full-time clerk.

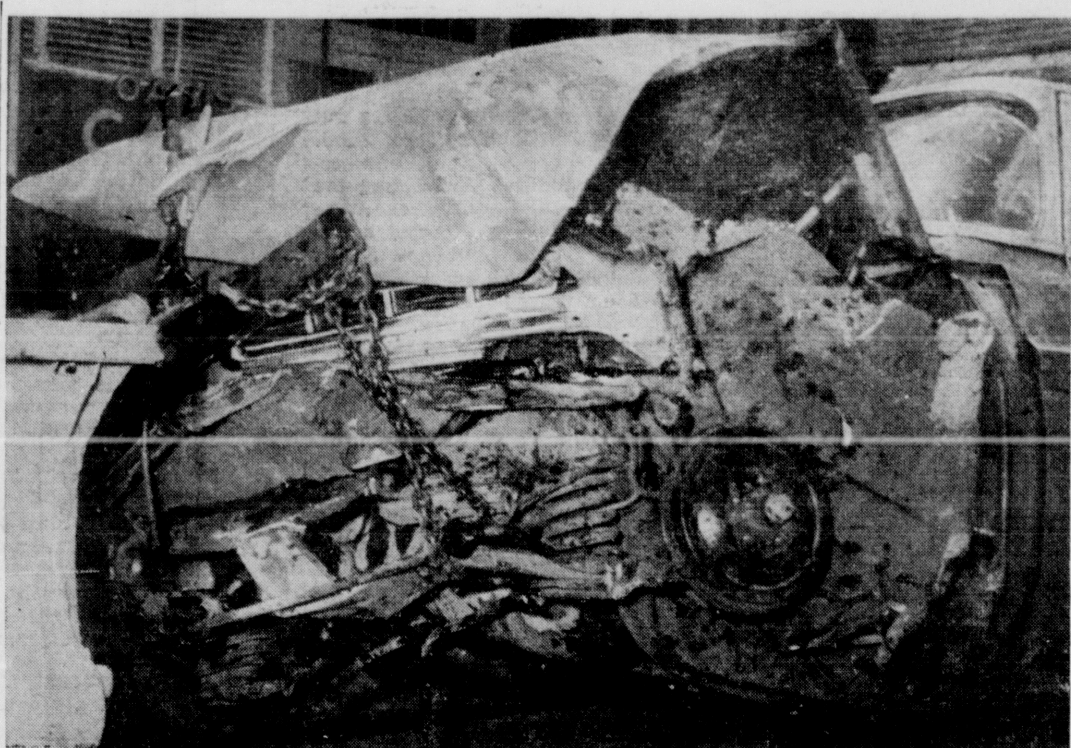

The pair also own a department store in Pearsall. Prior to the Pearsall venture in 1953 they were in the wholesale business with a route they said covered the entire United States.

The store will offer attendance prizes at 5 p. m. Wednesday, May 11. Prizes of \$15, \$10 and five dollars worth of merchandise are being given. Persons do not have to be present to win.

## New Secretary In Schweers' Office

Mrs. Lillian Heyen became secretary to C. F. Schweers, county superintendent, in the courthouse effective Saturday, April 31.

Mrs. Heyen replaces Mrs. Rosa (Pye) Haass, who is on temporary leave. Mrs. Heyen will continue her duties until Mrs. Haass returns.

PLENTY TORN UP was the car driven by Ralph Bilhartz of Biry on a tire test run just south of Tarpley about midnight April 25. The left front of the car was badly smashed although Bilhartz turned to the right on a slippery highway to

avoid another car coming toward him that he said was over on Bilhartz' side of the road. Bilhartz suffered a chest injury and bruises. The chains attach the wrecked car to a wrecker. —Anvil Herald Photo.

## Swatzell Police Chief

"I plan to educate the people. We don't want to harm them, just to help them."

With these dozen and a half words, Orby Swatzell started his career as Hondo chief of police Sunday, May 1. He fills a much-needed demand for greater law enforcement.

Hired by the city, Swatzell's duties are the same as those of a deputy sheriff, except his power extends only within city limits. Enforcing traffic laws and city ordinances will comprise the greater part of his work.

The congenial law officer served as deputy sheriff of Natalia and Devine for over two years immediately before the Hondo job.

Swatzell, 47, claims Trinidad, Colo., as his birthplace. He moved to Texas in 1949 after living in Arizona, New Mexico and Colorado.

He married Miss Mildred Thompson in 1939.

Two of their three children, Bobby, 14, and Jimmy, 6, will attend Hondo schools, although Jimmy won't start until next year. Charlotte, the 17-year-old daughter, attends a New Mexico school.

A graduate of Gallup High School in New Mexico, Swatzell has rotated his disciplinary duties with ranching. After making a living as a rancher 20 years, he switched to wearing a deputy sheriff's badge for the next six.

Reminding one of the movie law enforcer, Randolph Scott, Swatzell will locate his office with the Justice of the Peace in the courthouse.

When a well-wisher congratulated him with a cherry "Good morning, chief," the small wiry police officer grinned, then countered with "That's it, go heavy on the 'chief'."

The Swatzell family has moved from Devine to an apartment on the Yancey Road.

## Tire Tester Avoids Car, Turns Over

Ralph Bilhartz of Biry suffered chest injuries and cuts and bruises after overturning a South Texas Tire Test Fleet auto about five miles south of Tarpley at midnight April 25.

Bilhartz who works out of Devine, was on the home stretch of a trip to test the tires on a new Chrysler New Yorker automobile on an uphill turn when he swerved to avoid a car coming toward him. The road was slippery, he said. The car he was driving turned over and came to rest to the right of the road, cutting through a fence and landing wheels up in a pasture after snapping off some trees.

Bilhartz who was running a little late on the 4 p. m. to midnight shift, had already made the trek from Devine to Llano on the same road. He was on the last part of the test when the accident happened.

He said, "I was going around a blind turn when I turned out to avoid hitting another car, then tried to turn back and couldn't make it."

The car was badly smashed, especially on the left front side.

Bilhartz said he wasn't knocked unconscious but that his body was pinned. He said he thought the car overturned in Bob DePuy's pasture. He worked free,

however, and said he walked two miles south toward Hondo before flagging down another tire test driver named Jack Martin, who was tire testing on the night shift. Martin brought Bilhartz to the Medina Hospital where the latter stayed until discharged Tuesday, May 3.

A taxigraph in the car Bilhartz drove was stopped at 53 m. p. h.

## New Medina Sales Bldg. Being Built

Medina Motor Sales will move to a new location with twice as much shop space in about ninety days, co-owner Bob DePuy announced.

The new building is being constructed in the 2000 block of 19th St. In the new building will be over twelve thousand sq. ft. of floor space, said DePuy. The present building at 1613 Ave. K has about six thousand sq. ft.

The building will be made of concrete block and masonry. In it will be lots of new shop equipment for repair, DePuy said.

## Hondo's First

## Garden Pilgrimage Reset For May 8

Hondo's first garden pilgrimage, covering four hours and five yards, will begin at 3 p. m. Sunday, May 8, at the home of the Hugh Meyers, 2602 Ave. M.

At the starting point Mrs. Meyer will be assisted by Mrs. Paul Pope, Mrs. Barnitz Carle, and five other garden club members in showing the grounds.

The Meyer hothouse, where the only orchids in Hondo are grown, will be included in the tour.

The spacious yard of the general chairman, Mrs. J. S. MacManus, will be second on the tour. Greeting visitors here will be Mrs. V. H. Crow, Mrs. D. V. Streetman and seven additional garden club members.

The Fabian Garrisons, who have made use of native plants in the layout of their lawn and recently added a new patio, will show their place third. In assistance will be Mrs. S. W. T. Lanham, Mrs. J. S. Farmer and a quintet of other garden club members.

At the fourth home, that of the Paul Bybees, visitors will observe how a yard can be made beautiful in a single year's time. Mrs. Bill Berger, Mrs. O. A. Fly and five more Hondo Garden Club members will explain to guests the properties of the yard.

Mrs. Claud Gilliam, known to have one of Hondo's greenest

thumbs when it comes to making plants grow, will show her lawn as No. 5 on the tour. The Gilliam home is located on the Yancey Road. Gardeners in attendance will be Mrs. Francis Richter, Mrs. N. C. Johnson and five others.

In driving back to town, visitors may find the Hwy. Dept. Bldg. landscaping on the Yancey Road of interest. Mrs. Everett B. Vincent and Mrs. Albert Schiffers will usher guests.

## Landscaped Parks

Other points of interest include five landscaped parks along Hwy. 90, planted by the Hondo Garden Club and maintained over a period of years. Three of the parks upkeep have taken years; two others months. The five parks were financed by Hondo Garden Club projects to help beautify Hondo. A Blue Star Memorial Highway marker has recently been placed on one of the parks. The garden club will landscape around it soon.

Mrs. MacManus has expressed the hope that a large crowd will take this opportunity to see the five selected pilgrimage yards.

There will be no admission charge, but those desiring to make a donation to the Hondo Garden Club, sponsor of the event, for use in beautification of the city, may do so.

## Son Discovers Body Shot Through Head

A verdict of death by gunshot wounds was returned in the coroner's report of George Emil Graff, Sr., a stock farmer who lived in the Hondo community 46 years.

The body was discovered with a bullet through the head by Graff's son, George, Jr., at his father's ranch home six miles above Hondo on the Tarpley Road Monday, May 3.

The son found the body an estimated 24 hours after death. Death was estimated at 7 p. m. Sunday, May 1.

Funeral services were conducted Wednesday, May 4 with the Rev. Konrad Windecker officiating at the chapel and the Rev. Benjamin Bonazza officiating at the Catholic Cemetery burial.

Pallbearers were A. C. Gilliam, August Leinweber, Albert Saathoff, Jim Amberson, Alfred Schlentz and Fritz DeGroot.

The younger Graff had gone fishing Sunday at Medina Lake. He returned home after dark, noticing as he went past his father's house that there were no lights. He did not stop, thinking his father had fallen asleep.

Next morning his wife noticed the pickup Graff, Sr. used was still in the garage and that the horse he liked to ride was not in its accustomed pen. She thought her husband's father was out in the pasture.

It was not until the son came home from work that he checked his father's whereabouts.

George, Jr., a Hondo Air Base employee who lives near his father, did not go back to his father's house until the next evening a day later. He discovered the body in the bathroom, a 32-30 rifle lying nearby.

The elder Graff, who spoke in whispered tones, was expecting the arrival of another son, John Henry, in June from his job in Arabia.

Graff was born Sept. 7, 1885 to Louis F. and Elizabeth Leinweber Graff. His wife, who was Annie Mechler before marriage, preceded Graff in death.

Survivors are two daughters, Mrs. Evelyn Lutz and Mrs. Katherine Chapman of Hondo; two sons, George, Jr., and John Henry Graff; and four grandchildren.

## New Road Contract Let Soon

A new bi-county road connecting Hondo and Bandera is in the offing.

Bandera County has approved a route and is in the process of obtaining the right-of-way. The county hopes to let a contract soon, said C. E. Hackebiel, resident engineer of Medina County.

He added Medina County highwaymen were still investigating routes, and a definite one had not yet been mapped.

"People are always coming in telling us they're glad the road will run in one place; others are perturbed because it's not going the way they want. No definite decision has been made," he explained regarding various rumors.

The road will run close to the existing Middle Bandera Road.

The distance will be shortened by four to five miles, making the new road measure about 28 miles. Hackebiel estimated the project would cost from \$300,000 to \$400,000.

How long will it take? "We're trying to rush it along," he answered. "It will take from six months to a year."

## Fusselman Adds New Job To JP

Jack Fusselman, Sr., began work as Hondo Corporation Court judge Sunday, May 1.

Fusselman, who will continue his work as Justice of the Peace, will also handle all cases for the city that Orby Swatzell, new town marshal will bring in.

### Freshmen To Hold Picnic Saturday

Some forty Hondo High School freshmen will stage their annual class picnic Saturday, May 7 at Garner State Park near Uvalde.

Last Saturday a hundred seniors, juniors and sophomores held their rallies. Several of the senior group stayed to dance that night.

The picnics are financed by the individual classes, but room mothers assist by supplying food.

### 2 Hondoans At FFA Conference

Floyd DeGroot, Future Farmer applicant for state farmer degree, and John McAnelly, adviser, attended the district checking conference Wednesday, May 4 in Sabinal.

The group checked chapter ratings, gave special awards and awarded state farmer and American farmer degrees.

### Farm Bureauers Hear Economist

A crowd of Farm Bureau members heard John G. McHaney, extension economist from Texas A. & M. College, tell what prices farmers could expect to receive for livestock, grain sorghums and hogs in the future Monday night, May 2.

The county-wide meeting was held in the Castroville High School auditorium.

## DOROTHY BENDELE MARRIES CLOVIS BOEHME APRIL 23

Marriage of Dorothy Jean Bendele, daughter of Mr. and Mrs. H. Bendele of De-Hondo's Clovis M. Boehme of Rio Medina, was held in a nuptial high church in St. John's Church in 9 a. m. April 23. Rev. Harold Ehlinger of the double ring ceremony.

The church was decorated with flowers, candy tufts and ferns.

Martin Finger, soloist, member of the St. John's choir, accompanied by Mrs. Finger in singing the nuptial hymn.

The bride chose a floor length white Chantilly lace deep ruffle of tulle. Her train to finger tip length from of seed pearls. She carried a white orchid on a prayer streamers of white.

Lynn Boehme, sister of the bride, was matron of honor.

Miss Betty Boehme, sister of the groom, was maid of honor. Bridesmaids included Misses Mary Hubbard, Hondo; Susie Haby, Rio Medina; Mrs. Erna Lee Balzen, Hondo; and Mrs. Shirley Holzhaus, Castroville. The flower girls and ringbearers were little Miss Sharon Koch of San Antonio, cousin of the bride, and Master Gary Boehme, nephew of the groom.

John T. Boehme was his brother's best man. Groomsmen included Lynn Boehme, Castroville; Elroy Tschirhart, Corpus Christi; Gilbert Haby, Mico; Donnie Boehme, Mico; and Emery Delavan, Devine. Marvin Haas of Devine and Welton Boehme of Rio Medina were ushers.

The bridesmaids dresses were of pollen pink crystanza over pink taffeta. The top bodice was pleated onto a fitted midriff with a full circular skirt of ballerina length. The tiny hats were made of a ruffle of the pink crystanza and pink forget-me-nots. The mittens were made to match the dresses.

The bridesmaids wore white pumps and long white pearls and carried nosegays of white Reed daisies. The flower girl was dressed identical to the bridesmaids.

The groom and groomsmen were attired in tuxedos of blue trousers and white coats.

The reception was held at St. John's Parish Hall in Hondo. The center table was laid with a cream crocheted tablecloth, holding a three-tiered wedding cake flanked by two white tapers in sterling silver holders.

The bridesmaids attended the bride's book and served the wedding cake at the reception. At noon a dinner of barbecued beef, salad, cake, coffee and tea was served to about three hundred guests.

Following a trip to New Orleans, La., the couple will reside in Castroville. The groom is employed by the Southwest Bell Telephone Co. in San Antonio.

A picture of the bride and groom arrived too late for use this week but will be shown in the May 13 issue.

### Bride-Elect Laura Wiemers Showered At New Fountain

A miscellaneous shower was held for Miss Laura Wiemers, bride-elect of John Ross Wentz, Sunday afternoon, May 1 at the New Fountain Educational Bldg.

In the receiving line were Mrs. Robert Schulte, wearing Navy crepe and a red corsage; and Mrs. Benjamin Calk in brown silk organza.

The honoree wore white silk with an empire bodice, flared skirt and a scoop neckline with rhinestones and a lavender carnation corsage.

The mother of the bride, Mrs. Otto Wiemers, was clothed in blue crepe with a pink carnation. The mother of the groom, Mrs. R. E. Wentz, wore a dress of pink print crepe with white carnation accessories.

A total of 85 guests signed the bride's book at a table covered with white linen cloth on which was a red rosebud bouquet. The book was presided over by Mrs. Elbert Wiemers who wore blue taffeta and carried white carnations.

Chicken sandwiches, potato chips, varicolored mints, lemon cake and ice tea were served.

Assisting at the serving table were Mrs. Robert Schulte, Mrs. Wilfred Schulte, who wore blue crepe and red carnations, and Mrs. Henry Schulte in a white background print with red rose corsage.

Assisting with the gifts were Mrs. Arthur Schulte, Mrs. Henry Lindeburg and little Misses Karen Schmidt and Rebecca Busch.

The honoree expressed her appreciation for the many gifts and guests attendance.

On the gift tables were lace cloths, yellow and white candles in crystal holders and bouquets of multicolor roses, shades of blue larkspur, red begonia, floating passion flowers, bells of Ireland, daisies and plumbago.

Hostesses were Mesdames Robert W. Schulte, Robert Wiemers, M. F. Wiemers, Edwin Schulte, Lee Holder, Wilfred Schulte, George Schmidt, Elbert Wiemers, Louis Mazurek, Arthur Schulte, Benjamin Calk, Charles Ward, Henry Schulte, Rolf Bohm-falk, Robert J. Schulte, Henry Lindeburg, Katie Muennink, Alfred Schulte, Aubrey Mooney, James P. Moss, James Schulte and Benjamin Wiemers.

### HAB Wives Net \$135 For Red Cross

Fifty Hondo Air Base wives, canvassing for the Red Cross fund, raked in \$135 by Tuesday, May 3, said Mrs. Jo Wood, local Red Cross treasurer.

The women, who made a house-to-house canvass, hope to complete the drive by this weekend.

"We've had difficulties," reported Mrs. W. C. Woodrum, chairman of the campaign.

"With our out-of-state license plates, we were 'suspected' in a number of cases."

The wives are urged to turn in their collections to Mrs. Wood or Mrs. Bonnie Pruitt as soon as possible.

In 1954, 35,500 Americans were killed in traffic accidents.

## Castro Students Live In Hawaii

By Helen Murrell

The junior class of Castroville High School honored the seniors with the annual junior-senior banquet and prom, Friday, April 29.

The banquet, attended only by the juniors, seniors and faculty, was the beginning of a never-to-be-forgotten evening. It was held in the cafeteria of the high school. Decorations carried out the Hawaiian theme.

One wall had a lattice work covered with ivy and bright flowers. On the other wall were cutouts of hula dancers amid gay flowers. The head table was a mass of roses on either side of five candles arranged in a semi-circle.

Other candles were made to represent palm trees and placed in a row in a bed on fern and flowers along the two-sided tables. Upon arriving, each guest was presented with an Hawaiian lei as a keepsake. Dinner was served by the four sophomore girls—Bonnie Nell Haby, Jacqueline Fitzsimon, Corice Bende and Rosie Schneider, who were dressed in gaily printed sarongs.

After the meal, toastmaster C. J. Krenmueller introduced the program speakers. "Aloha," a toast to the seniors, was given by Jarvis Stein, junior class president. A toast to the juniors, "Hawaiian Leis," was presented by the senior class president, Wiley Mangold. Then Margaret Herring, accompanied by Mrs.

Richter on the piano, sang "Sweet Lani."

A. L. Herring spoke on "Pacific Crossroads," followed by Helen Murrell, whose "Fair Hawaii" toasted school. Barbara Woerner then read the senior class prophecy, and W. R. Sittler read the seniors last will and testament. A toast to the faculty entitled "Royal Palms" was given by Gaye Griggs. The group sang the school song and the benediction was said by Carme Bayer.

The highlight of this night's events in Hawaii was the prom held in the beautifully-decorated Castroville Legion Hall. The guests entered down the plank of an imaginary ship, the throbbing strains of Bud Hancock and his orchestra, were seated under an authentic looking thatched hut, flanked on both sides by palm trees and flowers. In one corner of the room an island had been constructed with a background of blue sky, twinkling silver stars, a golden tropical palm was glimmering over the palm. In the middle of the island there was a pool of sparkling water surrounded by water lilies, palm and bushes.

A billowy white cloud covered with blue stars floated over the couples and gave off a misty blue light. In the remainder of the room, palm trees had been scattered about to give that perfect touch of fair Hawaii.

As an added bit of entertainment, entertainment was presented at intermission. The first number saw Lee Anna Skelton of San Antonio do a hula to "The Brown Gal." The second number was a hula and pantomime to "Hilo Hattie" done by Julie Chapman. The last selection was a impersonative dance by Marsha Skelton of San Antonio to "The Dance of the Flowers."

Hawaiian punch was served from an elaborate bowl of fruit and flowers along with coconut cookies.

## State FHA Draws Four D'Hanians

D'HANIS — Four FHA members attended the state convention in Galveston April 22-23.

They were Dorene Nehr, 1955-56 president of the D'Hanis chapter of Future Homemakers, Miss Fred Boyce, F. H. A. Club sponsor, Margaret Mueller, voting delegate and Mrs. Raymond Finger, chapter mother.

April 22 the F. H. A. gang was present at the general assembly at which the state president, Jane Cagle, talked on "Peaceful Living and Peaceful Thinking." The Rev. Walter K. Kerr was guest speaker. Music by the Ball High School band of Galveston was followed by lunch at Pleasure Pier. In the afternoon a skit, "Builders of Happy Homes," was given following a talk on "Ten and Then" by Miss Lois Oliver, assistant national adviser to the F. H. A. After the meeting, the locals went sightseeing, then ate supper at Pleasure Pier. That night the foursome heard a panel show. Dr. Kerr sang and played his guitar. The group also sang and danced.

Saturday, April 23 before returning to D'Hanis, the group toured Houston and glimpsed the famed Shamrock Hotel.

## Saxet Cow High Producer

The registered Holstein cows  
of Saxet Farms in Natalia have  
had recorded in the Herd Im-  
provement Registry a record  
published by the Texas-Holstein-  
Friesian Activities group of Brat-  
tlesboro, Ut. in cooperation with  
Texas A&M College.

Weary River Lyons Valdessa,  
a Saxet milk-producing cow, gave  
551 pounds of butterfat, 16,017  
pounds of milk, after being milk-  
ed two times daily for a full year.  
The hardy Holstein average giv-  
ing 26 quarts of milk per day.  
Valdessa was seven years and  
two months of age when the rec-  
ord began.

## H. R. Burch Attends Father's Funeral April 27

## Army Gets Sgt. Schulte's Invention

M/Sgt. John H. Schulte, 39,  
brother of Mrs. Walter Grell of  
Hondo and a former resident of  
Medina County, has donated an  
invention to the Army for mili-  
tary use.

Sgt. Schulte developed the de-  
vice, built for remote control of  
a complicated piece of Signal  
Corps equipment, while working  
in the radio operation course of  
the Southeastern Signal School at  
Camp Gordon, Ga. The device  
may be adopted for use in all  
future models of the radio tele-  
type set. It is currently being  
studied by the Signal Corps.

The signal school is a com-  
ponent part of the Signal Corps  
Training Center at Camp Gordon  
where Sgt. Schulte is stationed.

## PERSONAL APPEARANCE

By Jerry June Berger

That late freeze seems to have  
touched the big oleander bushes  
at the Armstrong Hotel not one  
iota. The two king-size pink ones  
have been covered with blooms  
for a couple of weeks. The deep  
red ones, which rarely bloom as  
much as the pink, were nice  
for a shorter time.

You'll soon be admiring some  
other pink flowers. Miniature  
pink rose bushes are scheduled  
to surround the blue star mem-  
orial highway marker down in the  
railroad park between Avenues  
M and O. The Garden Club is  
footing the bill for the landscap-  
ing of the monument area based  
on recommendations by the Tex-  
as Hwy. Dept.

Four Methodist teenagers were  
singled out for honors last Wed-  
nesday when they were presented  
with junior life memberships in  
the Woman's Society of Chris-  
tian Service. Included were  
CAROL ANN RATH, presented by  
the Reilly Circle, ROBERTA  
FASELER, by the Monks House  
Circle, and MARY WARD POPE  
and ROWENA HARTMAN, by the  
entire WSCS.

For almost a year, MARY,  
ROWENA and a couple of other  
eighth-grade girls have volun-  
teered as baby sitters every time  
the WSCS has held meetings that  
involved mothers of small chil-  
dren.

Sometimes the youngsters  
range in age from a few months  
to eight years but the young  
ladies have managed them beau-  
tifully — at times serving as  
nurse, other times as peacemak-  
er.

Adding color to their neighbor-  
hoods during the past week were  
the ROBERT GROLLIMUNDS  
over on 27th Street and the  
JAKE SCHUEHLES on Ave. R.  
Both homes are now a reddish  
hue.

We see by the papers that 100  
were arrested in a dope round-  
up in SA over the weekend. If  
that city of half a million in-  
habitants has only a hundred  
dopes, then we have been sad-  
ly mistaken for a long time.  
Every time we drive on West  
Commerce to the downtown area,  
we are quite sure we dodge more  
than that driving cars out of  
every street crossing on Hwy. 90.  
And it's even worse around that  
market area. But then every  
city to its own opinion. We still  
aren't convinced.

Thirty-nine per cent of the  
deaths and 35 per cent of the  
injuries due to motor vehicle ac-  
cidents last year occurred on Sat-  
urdays and Sundays.

## HAB Swim Pool Has Opened

New improvements at the Hondo Air Base swimming pool marked its opening Sunday, May 1.

The grass area at the pool has been concreted so that the entire fenced-in area is now concrete.

The pool was also replastered and painted.

H. R. Burch, high school principal, will manage the pool again this year, as he has done in previous seasons.

Mondays, Tuesdays, Thursdays and Fridays from 1 p. m. to 9 p. m., and Saturdays from 9 a. m. to 9 p. m., anyone may swim in the pool.

Wednesdays HAB physical training classes will take to the water.

Sundays are reserved for military personnel and their guests, who will swim from 1 to 7 p. m.

Military personnel, Texas Aviation employees, dependents and guests of either, and local citizens have access to the pool.

The charge is 25 cents for persons over eight years. Children under 12 must be accompanied by an adult.

## Softball Starts At HAB 9th

Softball will hold sway in the summer months at Hondo Air Base.

Plans were completed this week by the Base Athletic Dept., under the supervision of Jim Amberson and Jim Harrison, to start play May 9 with two games nightly, Monday through Thursday. Game times are 7:15 and 9:00. Informal opening night ceremonies are slated with Lt. Col. Earl V. Riley tossing out the first ball and John D. Cape on the receiving end.

The softball will be divided into two leagues. One, the Texas League, will be comprised of student officers and cadets. The Lone Star League will contain civilians employed at the base and permanent party personnel.

The leagues will play a seven-game schedule at the termination of which the top four teams of each league will compete in double elimination tournaments to determine the winner of the respective leagues, who in turn will play a best three-of-five series to determine the base champions and runnersup.

Opening night will find the highly touted Flight 110 nine pitted against Flight 240 at 7:15. In the night cap the Base Installation aggregation will meet the Pottery Softballers.

Other tilts this week: Tuesday, May 10, 7:15 p. m. Flight 120 vs Flight 230; 9 p. m. Firemen vs Hangar 2. Wednesday, May 11, 7:15 p. m., Flight 130 vs Flight 220; 9 p. m. Consolidated vs Hangar 1. Thursday, May 12, Flight 140 vs Flight 210; 9 p. m., Headquarters vs Base Maintenance.

## Owls Club Devine, 12-6 In 2nd Round

A fat seven-run second inning was enough to defeat the Devine Warhorses, 12-6, in the Owls' first baseball game of the second round of 27-A April 29.

The Owls' 4-1 record left them shy of a first round game, but even with Edgewood at this point in games lost because the Red Raiders' were knocked off by South San Antonio, 12-5, also April 29.

Monte Williams was Hondo's top hitter, socking a triple and two singles in four hits. Glenn Schweers belted a pair of doubles in five trips. Pete Angermiller doubled and singled in three appearances at the plate.

Centerfielder Gallegos tripled for Devine and Rightfielder Ehlinger homered in the second inning with none aboard.

Line score:  
Hondo 171 102 0—12 14 1  
Devine 010 000 5—6 5 2  
Batteries: Schulte and Muenink; Zapata, Byrd (2), Gallegos (6) and Davis.

## Cecil Willis Heads For Huntsville

Cecil Willis, 37-year-old LaCoste High School principal and coach, anticipates going to work as head coach and athletic director at Huntsville High School June 1.

Willis, who had quit the coaching game until last fall when he went to LaCoste as principal and coach of football, basketball, baseball and track teams, was announced as the new AA school coach by an Associated Press article April 27.

Willis said his new position would be an 11-month job with summer recreation thrown in, and a month off. The student enrollment is 420 and the town population 11,000. He will be accompanied by his wife, Georgia, and two girls, Pat, 17, and Ann, 15.

Willis is taking the place of Mance Park, whose 1953 Huntsville team defeated a strong Ballinger team, 45-7, for the state AA title.

## Castroville All Winning In 1st Round

CASTROVILLE — Led by the six-hit pitching of Wiley Mangold, the Castroville Wildcats won their third straight district game by defeating the Natalia Mustangs, 10-6.

Leading hitters were Bobby Bayer with three for four, one a home run, and Nelson Bippert with a home run and double in three trips.

The Wildcats have defeated each team in their district and entered the final round Tuesday when they journeyed to Southwest.

## ALL-STARS POST FIFTH VICTORY

The Hondo All-Stars posted their fifth victory by defeating the Sabinal Tigers, 12-4 last Sunday.

The All-Stars played a tie the previous Sunday with the Seguin Royal Sports in a marathon 11-inning fray that ended, 11-11.

The All-Stars have scored 61 runs to opponents 21. On the club are Teo Ybarra, c.; Pile Rodriguez, p.; F. Garcia, 1b.; Ben Dominguez, 1b.; A. Alvarez, 2b.; Regalado, 3b.; J. Morin, ss.; Alderete, rf.; Orrutia and T. Hernandez, cf.; Gonzales, lf.; and Garrita, rf.

## Cemeteries To Burn Unless...

There will be no water for three city cemeteries unless other attempts are made to drill a water well.

The first attempt fizzled at 100 feet and no water. Friday, April 29, but the Business and Professional Women's Club, which sponsored the attempt, will meet again at 8 p. m. Monday at the home of Norma Gray. Monday, May 9 is regular meeting night for the B & PWs.

At the meeting a decision will be made whether or not other water well attempts will be made.

The idea was started two years ago to keep the three cemeteries green in summertime. The idea of a well was accepted because piping water from the city well would cost an estimated \$1,500.

## Comets In Houston Tourney

By Gerald W. Kempf

Friday and Saturday, May 6 and 7, the Comets will journey up to Houston to participate in the Texas Catholic state tournament.

The Comets have been entered in this tournament the past four years. The 1951 Comets brought home the first place trophy and this year's team is favored locally to duplicate the feat.

In their last outing the St. Louis Comets turned back the Peacock Kadets, 10 to 5, behind the steady six-hit pitching of Maurice Etter Saturday, April 30 in San Antonio.

The triumph was Etter's fourth of the season and his third in Academic League play. The Comets are leading the league with a 5-0 record.

Etter was never in trouble although his mates committed seven miscues behind him. A four-run first inning and a four-run fourth gave the Comet twirler a good cushion on which to lean. The Comets added two more tallies in the seventh to put the game on ice.

Joe Spalding was the Kadet starter and he gave way to Hindt in the fourth frame. Spalding, who gave up eight runs, was charged with the loss.

Harold Keller, Justin Jungman and Dennis Haby led the Comet attack on the pair of Kadet pitchers. Keller drove in two runs with two for two. Jungman blasted out a double and single to drive in three tallies, while Haby doubled and singled in three trips to the plate.

Not a single Peacock batter could manage over one hit off the slants of Etter, who was especially rough in the clutch.

Line score:  
St. Louis 400 400 2—10 7 7  
Peacock 200 003 0—5 6 3  
Batteries: Etter and Groff; Spalding, Hindt (4), and Rigby.

## Uvalde Booms Hurdler In State Meet

Uvalde's Coyotes are booming Hurdler Herb Carper as state meet championship material this weekend in Austin.

Carper was far and away the top high hurdler of the recent Region 6 meet at San Marcos April 23. He skimmed over the sticks in 14.8 seconds time in a preliminary event to take first in what Fred Everett, Uvalde News Leader sportswriter, says is the fastest time made this year in Uvalde's class in the state.

Carper himself won the final regional hurdle race in 15.1 but did 3 of a second better in a preliminary race.

Another good regional mark made by a South Texan was the 5 feet 10 inch high jump leaped by Leroy Wiedner of Eagle Pass. Charles Bruce of Del Rio will be another state meet entry off his new 12 foot 7 inch pole vault record in Class A competition.

Uvalde's mile relay of Bob Templer also steamed to a 3:36.4 time to take a regional first.

## High School Net Courts Are Ready

The tennis courts located east of Hondo High School are ready for racquet wielders, announced J. G. Barry, superintendent, Tuesday, May 3.

Barry said school physical education classes are using the courts for volleyball and the tennis nets are down for safety purposes. The net can be put up and the volleyball nets taken down by the netters, he said, although it will require two people to accomplish the task.

The tennis nets may be tightened by a turnbuckle on the pipe posts. Barry thought this method better than the usual winch system.

The school will string up the nets for weekend players, but persons who play during the week must do this for themselves.

THREE HITSMTITHS of the Hondo Owls are a trio of outfielders, whose batting feats have kept Hondo in the thick of the 27-A baseball race. Left to right, they are Leftfielder Monte Williams, Centerfielder Billy Neuman and parttime Rightfielder Willie Alderete. Pete Angermiller divides time in the right pasture with Alderete. Williams and Neuman are south-paw batsmen. The team will be away from home Friday afternoon, playing East Central's Hornets at the South San Antonio Field. —Anvil Herald Photo.

## Preparation Day

## 'Beavers' Work On Boys Field

A post hole is dug, a cedar post fitted into it, wire stretched from one post to another — and Field Preparation Day is in session.

The mission of this volunteer work party is to prepare the baseball field at Ave. P and 24th St. for the Hondo Junior League.

The field will be cleared and a fence set up Tuesday through Thursday, May 10-12 at 5 p. m. Homer Wilson will grade the land, water it down and pack it at a later date. Fred Bader has volunteered men to dig post holes and has also given the cedar posts.

## D'Hanis Girls Edge Hondo Girls, 4-3

D'HANIS — The D'Hanis Cowgirls squeezed by the Hondo Hurricanes in a softball game here April 27 to win, 4-3.

The Hurricanes scored first in the opening frame, but the Cowgirls came back with four runs in their half of the inning.

No further scoring occurred until the seventh. With the score 4-1 against Hondo, the Hurricanes made a comeback. Nell Nixon walked and another batter got on base before Thelka Stiegler rammed a hit to the centerfield fence, scoring the two girl base runners and making the score, 4-3. Barbara Brucks ended the rally and the game by lofting a high fly to second.

Mary Langfeld was the winning hurler; Nell Nixon the loser. The Cowgirls are coached by Miss Fred Boyce, but do not have a coach at present.

The lineups:  
Hurricanes — Irene Braden, c.; Nixon, p.; Stiegler, 1b.; Carol Rath, 2b.; B. Brucks, 3b.; Erlene Lutz, ss.; Barbara Braden, lf.; Mary Ann Buyer, cf.; and Carolyn Reyes, rf.

Cowgirls — Rose Zerr, c.; Langfeld, p.; Patsy Turner, 1b.; Barbara Weyand, 2b.; Mary Garcia, 3b.; Ann Langfeld, ss.; Joan Rieber, lf.; Joan Lutz, cf.; and Alyne Lutz, rf.

The Hondo Owls will go with the remainder of 27-A hope to pass Edgewood by winning three games in five days.

First on the docket will be East Central at neutral Antonio Field at 4 p. m. May 6. Monday, May 9 the vine Warhorses will make first-round game at 4 p. m. Barry Field. The game originally slated as the opener April 12 but the coach, Phil Barnhart, decided to play it under the lights here.

Tuesday, May 10 Hondo at South San against the San Bobcats on the Cats at 4 p. m.

In their seventh district game the Owls used a three-run rally in the third inning to defeat Northeast Brahmas here Tuesday night, May 3, were no extra base hits, but were some sparkling defense.

Pitcher Johnny Morin twirled a three-hitter, had on first and second in the inning, when he fired quick Glenn Schweers at first off third baseman Loeone kill out a threatening situation.

In the sixth Catcher Muennink raced all the way to the wire to grab a pop at the grandstand screen a third out.

W. J. Schweers poked a singles in three for the Owls. Bill Neuman socked a pair of singles in four trips, one of a blue darter that handcuffed second baseman.

Meanwhile, Edgewood tunes played an offbeat note week when both Baseball Andy Andrews, known for years as a comical umpire, basketball Coach Mel Barr announced their resignation at the end of the school year.

Line score:

## Will Hondo Sign Up For US 90 Assn?

Hondo must make up its mind whether it will join the Travel US Hwy. 90 Assn. or not.

A wholesale training school for towns all along this great highway has been started to educate and advise on how to keep tourists traveling the 90 route.

Without such training, businesses will not enjoy the pleasure of outside blood coming in and spending money in Hondo, Castroville, Uvalde, Del Rio, etc. The training program would make employers and employees in Hondo conscious of how to attract people here. For one thing it tells business folk to advertise any historical part of the town.

Of course, there is a price to pay. Is anything worth having any good without paying some sort of price? The dues are based on 20 per cent per capita of the 1950 census. That means the dues are \$800 per year for Hondo.

Up until Tuesday Hondo had not joined, but that was the second time in seven days a Chamber of Commerce group had gotten together over the association. This week it was the highway committee; last week the board of directors.

There isn't much time to decide. A huge meeting of association members will get together June 19 in Seguin to start a complete movement of association members. Hondo must be an accredited member before that time to enter into the fray.

## LETTER TO THE EDITOR

State College, Pa.  
April 26, 1955

Hondo Anvil Herald  
To The Editor  
Dear Sir,

Making my way eastward along Hwy. 90 recently a sign attracted my attention. As I am a color slide enthusiast I stopped to get a shot and it was very disconcerting to find, in all that vast expanse of area someone who could be unthinking enough to attach a food (?) advertisement to this emblem of local charm.

Now I'm a firm advocate of both signs and advertising but I'm wondering just what could be done if a few interested natives got together to set these signs apart.

The sign which intrigues me no end is the one reading —

"This is God's Country, Don't drive through like hell."

Now when we get another clear Sunday (how I wish we could transfer some of our rain over to your section of the country) I'll get this roll of film off to Kodak and see how the sign looks. It was late in the day so I'm a trifle apprehensive about the reproduction of the color print.

Sincerely,  
Celeste Ream,

## Fletcher Davis

IS ASKED SOME QUESTIONS  
THAT LEAVE HIM ONLY ONE RECOURSE  
TO REPEAT THE MACEDONIAN CALL  
"COME OVER AND HELP US!"

We are privileged to devote our column this week to the interesting letter of inquiry from Mrs. Frank Vance which follows:

FD

Dear Mr. Davis:  
As you know I have been doing some research for personal reasons on Medina County for the past two years. The emphasis of this has been on the Castro colonists which formed the nucleus of the county. In the course of my search I have found references to persons and incidents which, in my rambling and inquiries through the county, I have not been able to confirm. And it is on this score that I am seeking your aid.

In Henry Castro's correspondence (note of which is made in Mrs. Vaughn's book) he mentioned a cannon presented to him by Anson Jones. I have asked a number of persons about this and no one can remember any mention of such a cannon. Can you remember, during your long career in this county, whether you have heard any stories about this. If there is such a cannon, would it not be fitting to place it on September Square in Castroville?

Another thing that I cannot find are some stained glass windows which were in the second St. Louis Catholic Church built in 1850. In description of the second church reference is made to these windows secured in Galveston, which fitted the already completed window frames in the new structure. These windows depicted the sainted French king, St. Louis, and "princes of the blood."

Again, can you recall the mention of these windows and what might have happened to them? Might they have been given to the people in D'Hanis to place in their church, the first St. Dominick Church, which was being built about the time of the construction of the last Catholic Church in Castroville?

Also, does anyone know what became of the crude appointments used on the altar in the first church which Father Domenech wrote about in his memoirs of his stay in that parish?

The Lutheran Church history of the towns of Castroville and Quihi are closely entwined and this leads to my next question. In a book entitled "A Centennial Story of the Lutheran Church in Texas, 1851-1951" mention is made of the Bethlehem Church (a stone structure) at Quihi that was dedicated in 1954. I would like more detailed information about this. Where would this structure have been?

I have visited the cemetery next to the present church and find graves that far predate the corner stone on the church. I draw the inference that the first Quihi Lutheran Church stood on the site of the present Bethlehem Church.

I have been told that there was a frame church north of the old Metzger home on the Bandera Road where the first Lutheran services were held. Can you tell me anything about this? It would seem that the Quihi Lutheran Church would be in the community of Quihi.

I have read references to Father Dubuis saying mass in Quihi. Of course, he served the Castro colonies while he served as the parish priest in Castroville and if there had been Catholics in Quihi he would naturally have served them. However, the Quihi settlement was almost one hundred per cent Lutheran — or am I wrong in this assumption?

Another query with regard to religion right here — where could I get the historical background of the New Fountain Methodist Church, which was established in 1858? I am curious and I find it interesting, because the persons who were settled in that community emigrated from countries thought to profess either Lutheran or Catholic faiths.

And last, have the graves of persons who were among the earliest settlers of the county lost their identity? Persons such as Blas Meyer, who was killed by Indians in defense of his sister in about 1848, and the members of the Boinkhoff family massacred by Indians on the first night the Quihi settlers camped on their new lands. The same is true of names that one finds in all of the early records of the infant settlements throughout the county.

It is perhaps fitting that these persons who fought and struggled to establish farms and communities for themselves and left a rich heritage to us of today should be as one with the soil they loved. However, I feel that it would be but small tribute to pay if their graves were to be located and marked.

Perhaps, in your column you would ask for information concerning these forgotten graves. This may seem a foolish request to many, but one cannot seek information and study the early days of our county without feeling an interest in those people and wanting their efforts recognized if only by locating their last resting places.

Ah, Mr. Davis, this is quite a lengthy letter and there are many more questions I could ask. But, for now, if you can satisfy some of my curiosity I would appreciate it.

Sincerely,  
Dorothy L. Vance

FD  
Mrs. Vance's commendable efforts to document and preserve the historic facts incident to the early settlement of our county is deserving of all the assistance that any one can offer. Will you join in helping her find the answers to her questions?

So much requested, so little of established facts we can give, we feel humbled!

Our only recourse is to ask those who can furnish any of the answers is to repeat:  
"Come over and help us!"

## You'll feel like a pilot without leaving the ground

Just wait till you switch the pitch of Buick's new Dynaflow\*!

How would you like to take the wheel of a high-powered Buick and feel an experience you never felt before in any earth-bound vehicle?

How would you like to do—just by pressing down the gas pedal—what a pilot does when he's ready for take-off?

And how would you like to drive with the happy thought that you're getting plenty of miles per gallon in normal cruising—and the electrifying action of the world's first airplane-principled transmission when you need it for split-second getaway response or accelerating power?

It's all for you when you say the word and slip into the driver's seat of a new Buick with Variable Pitch Dynaflow.\*

Not only do you take command of record-high Buick V8 power—and the most envied ride in the industry—and the brawn and heft and luxury of a truly solid automobile.

You also call the turn on twenty propeller-like blades deep inside a wondrous new Dynaflow that's patterned after the principle of the modern plane's variable pitch propeller.

You hold these blades in their high-economy angle when you press the pedal in the normal way—and you get a lot more miles from a tankful of gas.

You switch the pitch of these blades to take-off position when you press the pedal way down—and you get spectacular action instantly.

Don't take our word alone that this is thrilling beyond all previous experience.

Talk to anyone who's tried it. Or, better yet, come try it yourself. That way you can learn firsthand why Buick sales are soaring to all-time best-seller highs. Drop in this week, won't you?

## Uvalde Building Permits Amount To \$602,333

Uvalde is in the midst of a half million dollar building construction boom.

Building permits show \$487,333 being spent in construction within the city limits. An overall total of \$602,333 is gained by adding an estimated \$115,000 for the new motel being erected east of town by E. R. Stewart and Son.

Within Uvalde are 12 dwellings totaling \$108,058. Included are the new telephone building, the Shaw and Shurley service station on which construction started this week although the permit was issued last December, and the Church of Christ building.

## Teen Club Gets Needed Contributions

Hondoans are again showing their enthusiasm for the youth of their community, and as they learn of the efforts being made to have a club for the teen-agers they rally to help.

An appeal for contributions of furniture and games for the club room at the HYA Bldg. has brought prompt response and articles are beginning to come in. Game tables have been given by Dr. and Mrs. R. W. Landers and Mr. and Mrs. R. W. DePuy.

Mrs. Jake Schuehle and Mrs. Robert Grollmund have given chairs and a library table was contributed by Mrs. Emil Muenink. The Hondo and Alamo Lumber Companies gave lumber for benches. These benches will be constructed by some club boys and fathers.

Grayford Rogers has said he will supply a power saw and help the boys construct their benches. Also, because Rogers is a model train hobbyist, he is anxious to help any boys and girls interested in building miniature trains. He will get them started out at the H. Y. A. Bldg. as soon as he is contacted by them.

"This is a wonderful start and it is hoped that things will keep coming," said Mrs. R. R. Corder, teen club booster. "Soon after school is out a date will be announced for collection of all items. The Teen-Club is counting on you."

## Watch For Nitrate Poisoning

Veterinary authorities warned cattle owners today against the possibility of nitrate poisoning in their herds caused by cattle grazing on green oats that has been fertilized with nitrate fertilizer.

The American Foundation for Animal Health says this is not a new type of poisoning. Cereal crops especially when immature, often contain large amounts of potassium nitrate. Research indicates that oats contained a larger amount than the other cereal crops tested.

Research also showed that the amount of nitrate taken up by a plant is not only influenced by the nitrate content and type of soil but also on climatic conditions. Since the conversion of nitrates to other compounds depends on light; dark, cloudy weather may reduce the light intensity to such an extent that there will be a buildup of nitrate content in the plants, even though the nitrate content of the soil may be low.

Symptoms of nitrate poisoning include difficulty in breathing and a type of paralysis causing the animal to go down. Poisoned animals grunt as if they are in pain. Death usually occurs within an hour after the animal goes down.

Punch-line to the year's hottest power story—

## Chevrolet "Turbo-Fire V8"!

This is the engine that's writing a whole new chapter in the book of automobile performance records. This is the engine that has stock car timers doing a "double take" at their stop-watches whenever experts gather to compare the abilities of the 1955 cars.

For example, in the recent NASCAR\* stock car competition at Daytona Beach, Florida, Chevrolet literally ran away from every other car in its class—and a raft of others besides. In the one-mile straightaway run for low-priced cars, the first two places—and six of the first ten—went to Chevrolets. And in acceleration runs from a standing start against all

comers, Chevrolet beat all other low-priced cars—and every high-priced car except one!

What's behind this blazing performance? A compact honey of a V8 that only the world's leading producer of valve-in-head engines can build. Chevrolet's new "Turbo-Fire V8" has the shortest piston stroke in the industry (that means less piston travel...longer engine life)! And it delivers the highest power per pound of any V8 in the low-priced field. It's so efficient that it requires only four quarts of oil instead of the usual five...needs less radiator cool-

ant, too. It's the most modern V8 under anybody's hood!

It puts a new kind of fun in your driving life. You're in charge of 162 high-spirited horsepower—or if you're looking for even more excitement, the new "Super Turbo-Fire V8" (optional at extra cost) puts 180 h.p. under your toe!

Pick the one you'd rather have fun with, then come in and get behind the wheel. You'll see why the Motoratic Chevrolet is showing its heels to everyone else on the road!

No other low-priced car has any—no high-priced car has all—of these great Chevrolet features!

Body by Fisher—Nine engine-drive choices in any model—12-volt electrical system—Anti-Dive braking—Outtrigger rear springs — Ball-Race steering — High-Level ventilation — Double-Arch cowl construction.

\*National Association for Stock Car Auto Racing.

Combine your new Chevrolet purchase with your vacation plans!

Order a new Chevrolet through us, then pick it up at the plant in Flint, Michigan, see Chevrolets built, if you like, and drive yours home. Chances are you'll save a substantial share of your vacation travel costs!

# County Judge Claims Posture Week

Proclamation for "Medina County Correct Posture Week." The week of May 1 to 7, 1955 has been designated as Texas Correct Posture Week by the chiropractic public relations committee of Texas, and observed throughout the state.

As an enlightened citizen, an enlightened citizen who cooperates with the science who minister to the pain and sickness is the foundation for a healthy and sound body.

As the chiropractic health committee of Texas sponsoring Texas Correct Posture Week from May 1 to 7, is working to educate the public value of proper posture and develop a national consensus on this important problem, and

As the proper posture, when developed in people, is one of the contributing factors to health, physical endurance, efficiency and good appearance of a nation.

Therefore, I, Judge Arthur H. Roth, County Judge of Medina County, welcome the opportunity to call upon all other civic organizations, schools, youth training organizations, and the chiropractic health committee of Texas, the local members of the association in an educational program to make people aware of the value of correct posture and its benefits to our public standards. I especially want every boy and girl will the habits of good posture and sports which can do to keep us an alert and healthy people.

Testimony whereof, I have to set my hand and cause to be affixed the Great Seal of Medina County.

In office at Hondo this day of April 1955.

ARTHUR H. ROTH,  
County Judge,  
Medina County, Texas.

# For Cerebral Palsy 16-Hour Telethon Coming May 7-8

Bexar County's United Cerebral Palsy fund drive will again be sparked by a 16-hour telethon featuring nationally known stars of stage, screen and television.

San Antonio's fourth annual telethon will be simulcast Saturday and Sunday, May 7 and 8 over KENS and KENS TV from the stage of Municipal Auditorium in San Antonio.

The 1955 drive, which opened May 1 and continues through the entire month, has as its goal funds to operate and maintain the new cerebral palsy treatment center at 502 W. Mistletoe, also scheduled to open May 1.

Made possible by the 1954 telethon, which brought in \$113,000, the center is open to cerebral palsied youngsters from all over South Texas.

Top stars and favorites will appear on the all-night show.

Among the first to sign for the telethon were Rex Allen, a favorite cowboy star who scored a hit during the recent stock show, and Johnny Dugan, singer and star of his own television show, who performed on the 1954 telethon.

Allen will be on the auditorium stage to greet youngsters who bring their contributions to the stage. The auditorium will be open to the public free of charge during the entire show.

Seventy-five per cent of the funds raised in the San Antonio area will remain here, and the remaining 25 per cent will go to the national program of research and training.

Included in national activities are research grants to top scientists at leading universities and hospitals for the study of better methods of treatment and possible prevention of cerebral palsy in the newborn.

San Antonio's present cerebral palsy treatment center was established in March, 1953, at 1018 McCullough as a result of the first local telethon. It is able to provide treatment for only 90 youngsters. They come from all over South Texas and sometimes from as far away as Mexico and South America, and their treatment is free of charge.

The new center is a three-story building and will be able to absorb the entire waiting list of youngsters who have been examined by the present center but could not get treatment because of lack of space.

# Slighted Man Of Hour

AUSTIN — Meet the Man of the Hour.

He's the man who runs the water treatment plant in your home town. Does the task sound prosaic? Well, listen...

Without the commodity he handles men and cities would slowly die.

You use his handiwork with confidence, yet without thought, each time you turn the faucet and drink of the cool, clean water.

Each time you fill the basin to wash your face, or brush your teeth or shave. Or water the garden. Or fill the bird bath. Or on any one of a hundred other occasions during the course of a single, fleeting day.

Boiled down to its simplest terms his job is one of collecting water at a central point for processing, making it safe for human consumption, and transporting it to our homes and places of business. It goes on 24 hours a day, seven days a week, 365 days a year.

The Man of the Hour retails clean water. Is that important?

So important that no tyrant has ever dared deny it to his people. Wars have been fought over water. Once mighty nations have collapsed because their supplies had been cut off.

The wandering children of Israel wandered in the desert and threatened rebellion until Moses smote a rock and brought forth a spring.

Because of what the Man of the Hour does during his eight-hour shift at the plant, the 400-odd gallons of water you use every day — assuming you're average — is delivered to you in all its life-giving cleanliness.

How does he do it? By knowing how to operate and maintain the equipment of his trade. By knowing the proper use of the chemicals of purification. Therefore, he is part engineer, part chemist. Prosaic? Hardly.

His badge of merit is his cherished operator's license, bestowed only on those who have demonstrated ability to handle vital assignments in the treatment plant.

The use of water so pervades human life that it sometimes loses its significance. Thus does the Man of the Hour get slighted when the public hands out its accolades for vital service.

Why not drop by the plant some time today. Look the place over. Ask questions. And, if the thought occurs to you, say "thanks" to the Man of the Hour.

# You can't burn the candle at BOTH ENDS...

Each year producers find more natural gas than we use... even though the consumption of this premium fuel continues to grow rapidly. The producer may spend over a million dollars on one well. On the average, he drills nine exploratory wells before he finds one that yields anything at all. Those engaged in the risky business of finding adequate supplies of gas for the future should be encouraged at every opportunity. Without the incentive of a profit in keeping with the risks involved, producers cannot be expected to continue exploring for new gas fields, and...

County HD News

By Mrs. Estella Strayhorn

Estella Strayhorn

The County HD Council will meet at 2 p. m. Monday, May 9 in the REA committee Room.

A nominee to the State THDA meeting in Ft. Worth Aug. 3, 4 and 5 should be presented from each club and three delegates will be elected. Presidents of H. D. Clubs should include their celebration of National HD Week and their clothing leader's demonstration report in their club meetings.

**District Meeting**

While the HD clubwomen are holding their annual all-day county-wide recreation day at Mrs. Whitehead's, the local agent will be attending a district meeting in Pearsall.

**National HD Ends May 7**

Medina County HD clubwomen along with other Texas women are among the five million homemakers in the nation observing their 10th annual national HD week May 1-7. "Today's home builds tomorrow's world" is again serving as the national theme of the week.

Purposes of National HD Week are to acquaint more families, especially young families, with this educational program in homemaking, to encourage families in improving the communities in which they live, and to recognize volunteer leaders of HD groups.

HD work is that part of the agricultural extension program concerned with the home and family.

This week more than 40,000 members of 1,985 Texas HD clubs will highlight their activities in various ways. Trying to help the 4-H club members in this county, the adult leaders in Devine, Natalia, LaCoste and Castroville deserve special recognition for their efforts with the girls' clubs.

At all times should the role of the home and the family be stressed in developing and maintaining those qualities valued in a democracy.

**Insect Control**

Two tiny pests which are almost invisible destroy or spoil many of our flowers.

Red spiders, sometime called spider mites, are destructive to marigolds, cornflowers, sweet peas and other flowers, as well as to some vegetables. They injure many shrubs and trees.

To check plants for spider damage look for signs of webs. Not all spider mites make webs but the appearance of the plant will give other clues. Leaves begin to stipple or form light spots and dry up. Watering will not help the plant. Sometimes the tiny red spiders collect in large groups, making the underside of the leaf look as if it had rusted.

Red spiders can be killed with a three per cent aramite dust or with dusting sulphur. Use the 325-mesh sulphur that is used on cotton. Coarse sulphur will not do the job. Wettable sulphur spray will also kill the red spider. The sulphur stays on the plant several days, killing new insects sure to hatch out within a week or 10 days.

Aphids or plant lice also spoil many flowers. In some areas they are called green bugs. They range in color from pink, orange, light green or gray to black. The rose aphid, potato aphid and other aphids feed on tender leaves, stems and buds of roses. They may feed on sap to such an extent that all flowers are spoiled. Some buds may fail to open, and leaves may curl up. Sweet

peas and vegetable garden peas infested with aphids are likely to dry up before they produce a full crop of blooms.

Aphids may be killed with one per cent lindane dust or two per cent nicotine dust. Sprays of lindane or nicotine sulphate will also kill aphids. Lindane is one of our safe and new sprays. Nicotine sulphate is an old aphid control, sometimes called Black Leaf 40.

Malathion spray is one spray that will kill both these insects. It is also a fairly good control for scales, meal bugs and other insects. A mixture of wettable sulphur and nicotine in a spray will also kill both red spiders and aphids.

LaCoste VFW  
Donates To  
Cancer Fund

By Mrs. Ida Jungman

LACOSTE — The women's auxiliary of the V. F. W. donated all contributions received at a coffee April 26 to the American Cancer Society.

Cookies and coffee were served. The VFW meeting was held at the VFW Hall.

Early Bird  
Takes 4,000  
Mile Vacation

CASTROVILLE — Mrs. Lillie Woerner of Castroville was the early bird vacation-wise this week as she began her 30-day trip to New England, the Great Lakes states and the Midwest.

While husband Martin and daughter Barbara remain in Castroville, Mrs. Woerner will visit with her son, Sammie, his wife and baby Paul in Dorchester, Mass., on the outskirts of Boston. She plans a two-week stay there.

From New England, Mrs. Woerner's trip will take her to Chicago, Ill., for a stay with another son Jim, and wife.

The next stop will be in Milwaukee, Wisc., for a three-day stay with other relatives. If time permits, she hopes to stay with her sister in Washington, D. C., for a day or so.

The 4,000-mile trip will also include Dallas, St. Louis and New York. Mrs. Woerner is expected back in Castroville about June 1.

Scouts Two-Day  
Camporee 29-30th

More than one hundred thirty five scouts and explorers were in attendance at the camporee for the Sandia District April 29-30 on the Eschenberg Ranch east of Moore.

It was the scouts largest participation event of the year.

Troops from Dilley, Devine and Pearsall registered in the camp area April 29. They set up camp, cooked supper and at 8 p. m. a camp fire program was held. Over a hundred adults were guests of honor and many were recognized for their help in putting on the camporee.

Sally Worley, silver beaver holder from Pearsall, introduced the special guests of honor, "Dutch" Eschenberg, on whose land the group pitched camp. Songs and stunts led by Bob Stephenson of Dilley highlighted the camp fire. Taps was sounded at 9:30 p. m. by Scout Jerry Rucker, Troop 194, Devine.

At 9 a. m. next morning the field events were held. Troop 174 of Pearsall walked away with all honors, winning a blue ribbon and a high point total of 496 out of a possible 540. Their campsite was considered excellent, especially since only five boys are in the troop organized only a few months ago. The scoutmaster is Charlie Reed.

After the noon meal was completed a tent-pitching contest was held.

Carl Dillard was camp director. The following patrols won blue ribbons:

Beaver patrol, troop 174, Pearsall; Eagle patrol troop 197, Devine; Flaming arrow patrol troop 168, Devine; FFDD patrol troop 160, Pearsall; Owl patrol troop 168, Devine; Cobra patrol troop 168, Devine; Rattlesnake patrol troop 160, Pearsall; and Bear patrol troop 194, Devine.

The following patrols won red ribbons:

Indian patrol troop 145, Dilley;

Eagle patrol troop 143, Pearsall; Cobra patrol troop 197, Devine; Deer patrol troop 158, Pearsall; Bulldog patrol troop 158, Pearsall; Owl patrol troop 145, Dilley; Fox patrol troop 168, Devine; Panther patrol troop 194, Devine; Eagle patrol troop 194, Devine; and Panther patrol troop 143, Pearsall.

Mothers' Club  
Reelects  
1955-56 Slate

Present officers of the St. Louis School Mothers' Club for the 1955-56 term were reelected by acclamation at the monthly meeting April 27.

The officer include Mrs. R. J. Brieden, president; Mrs. U. B. Kempf, vice-president; Mrs. R. W. Stein, treasurer; Miss Angelina Scherrer, secretary; and Mrs. Harold Bippert, reporter.

Mrs. Wilfred Tschirhart won the honor of being senior sodality mother of the month for May. The 11th grade was the attendance prize winner.

A paper drive will be held Thursday, May 26. Anyone who has newspapers, magazines, cardboard boxes, burlap sacks, etc. is asked to bring them to school on this date.

The last meeting of the Mothers' Club for the present term will be conducted May 18, followed by a social.

Originally torpedo tubes on Navy destroyers were mounted in the bow. Now they are mounted in a battery which can be trained so that the whole ship need not be turned toward the target.

**STAND TALL  
SIT TALL  
WALK TALL**

GOOD POSTURE is more than standing or sitting straight. It is that position of the body in which all of its parts are working effectively and with proper balance, ease, and comfort. Good Posture is important. The internal organs have plenty of room and nerves are free from pressure at the spine when the body has good posture. Lungs, heart and digestive organs function better when they have room. You feel better.

A week devoted to reminding all Americans that long life and sound health demand correct posture.

**SOME CAUSES OF POOR POSTURE**

POOR DIET, LACK OF REST, POOR SHOES, SOFT MATTRESS, TOO SOFT CHAIR, BAD EYESIGHT, LITTLE EXERCISE, WORRY

## REMEMBER WHEN...

May 4, 1945

Mrs. Joe Mims, the former Frances Ruth Fly, has arrived home after spending the past six months in Maryland. Her husband, Lt. Mims, is now enroute overseas and she will remain with her parents, Mr. and Mrs. O. A. Fly for the duration. O. C. Marquis, Jr. was injured last Friday afternoon when he was hit by a pickup while riding on the outside of a car. He suffered a broken leg, the injury requiring such attention that he was moved from the local hospital to a San Antonio hospital Sunday.

May 3, 1935

Mr. and Mrs. F. L. Wurzbach of Cliff, Mr. and Mrs. R. A. Haegelin and two daughters of Hondo, Mr. and Mrs. Lee Schuchart and son Oscar, and Mr. and Mrs. Otto Ewert and baby of San Antonio were the guests of Mr. and Mrs. M. T. Schuchart of D-Hanis Sunday, the occasion being Mr. Schuchart's birthday.

Two hailstorms in about thirty minutes time early Thursday morning marked the freakish weather that is now prevailing. While the hailstones were numerous and the precipitation continued for some time, the stones were small and we have heard of no material damage therefrom.

The Methodist people of Yancey will celebrate the completion of their new church tomorrow with fitting dedication services.

Two bundles of oats cut and bound by a binder, is proof that the oat crop was not a complete failure in Medina county. The oats were grown on the Kempf place near Castroville, and are placed at the Chamber of Commerce as curiosities.

The seniors of Hondo High School entertained the juniors with their annual senior-junior party at the home of Mr. and Mrs. Mimke Muennink last night.

May 1, 1915

About six inches of rain had fallen the past week. Creeks were all up and a horse and several head of cattle were seen going down with the current.

Mrs. Anna Saathoff and son, Ernest, W. J. Saathoff and family and Henry and Hubert Burger and their families attended a surprise party at Bader Settlement, where Mr. and Mrs. Anton Burger were surprised. The rains and swollen creeks held them water bound and it was several days before they could return home.

Judge M. Schorby united two Mexicans in the holy bonds of matrimony at Quihi last Saturday. At night the Mexicans had a "fandango" in honor of the couple.

## LETTER TO EDITOR

April 29, 1955

Mr. William E. Berger  
Hondo Anvil Herald  
Hondo, Texas

Dear Mr. Berger:

You and your organization can take a bow for your contribution in informing the taxpayers during the 1955 income tax filing season.

As you know, we entered this year's filing period with a self-help approach. This called for encouraging taxpayers to prepare their own returns or, if their problems were complicated, to seek assistance from qualified tax practitioners. Actually, in past years, only an approximate 10 per cent of the taxpayers in the Austin District has appeared in our office for the previously offered gratuitous service of return preparation. The other 90 per cent were indirectly footing the bill under those circumstances.

This year, with your help and the resulting cooperation of the good folks in the southern half

## Seco Philosopher Thinks

## Farmer Not Like Whooping Crane

Editor's note: The Seco Philosopher on his Johnson grass farm takes a confident view of farming, his letter this week reveals. Dear editor:

Last night I was thumbing through a magazine wondering if there was anything in it I'd be interested in reading, most articles in magazines are written for neurotic women and I usually just skim through em, when I noticed an article about farming and I settled down on it.

That is, it wasn't exactly about farming, it was about the farm population.

According to it, a hundred years ago 80 per cent of the population of this country was
